Theme: 1920's

The theme we chose for the 2021-2022 yearbook is 1920's. Around one-hundred years ago, the Spanish flu took place, leading to a pandemic. Now, one-hundred years later, Covid-19 is affecting us. For this year's yearbook, we decided to go back in time to the 1920's. The 1920's vintage and art deco will be the perfect yearbook theme for the school year.

Cover Idea

10 sentence theme copy

High Spirits! Throughout the gruesome Covid-19 epidemic, we had to stay positive: have high spirits. Throughout the year, much devastation and gloom was upon us. However, the thought of going back to normal kept us afloat. We were aware of the fact that eventually this dreaded disastrous outbreak would eventually calm down. Last year, we were not able to make connections. We were stripped of our social interaction. Forced to stay home with no interactions was extremely bleak. Despite the bleakness, we discovered unknown hobbies. Staying home emptied our schedules, giving us much freetime.

This year, the light is beginning to shine through the gloom. The pandemic is coming to an end. For the 2021-2022 school year, we are fully in-person. Unlike last year, we are able to make connections and fill up the lost time with family and friends. Getting up to see your friends everyday at school is lifting our spirits higher and higher. Spending the time together with our classmates brings so much happiness. Now we are able to go cheer on our friends at sports events too. Socialization is resettling itself as an everyday occurrence. Unlike last year, this school year socialization is much easier, we are able to enjoy our day surrounded by our peers as well as our teachers. Communicating over assignments and requesting aid from teachers is much easier, as now we are able to be together physically. During lunch, we are able to take a break and chat with our friends. Covid was and is something that will stick in the past, for this bright school year, the book will be kicking it back to the 1920's.
