COLOR PALETTE + DESCRIPTION

At Gulliver Prep, no matter what happens (good or bad), we never turn back and keep moving forward. What makes Gulliver so special is that we always bounce back to bad situations and never look back. No Turning Back means that we are always positive and would not change a thing about the school year.

FONTS

**NO TURNING
BACK**

*NO TURNING
BACK*

RAIDER 2024

As we walked through the doors of school on Aug 17, there was no turning back. Some were nervous, some were excited but all were ready to see what this year had coming.

The first few days were not what we expected; We experienced technical difficulties, rules were set quickly, and we lost the first football game 38-0 against Horace O' Bryant. But there was no turning back.

We had to face it, and we knew we would bounce back. We took pride in our school and kept moving forward, no matter the challenge. We won the next football game, the wifi got better and we adjusted to the rules. Instead of dwelling about the past, we focused on the bright future ahead of us.

As we ran through the gym during the student vs. teacher volleyball game, cheered during our pep rallies and Peter Curran scored the winning goal, there was no turning back.

And we didn't want to. The future was bright.
