GULLIVER PREP

Theme:

Description: Although there's many new beginnings like a new building, new teachers, and a new dean, it's still us.

We walked into campus and it was all new and shiny. New people, new classes, new buildings, new schedule, new rules and new administration. With everything changed, it was hard to figure out where we fit in. But we did.

We sent each other spooky grams on Halloween and Valentine Grams in Valentines. We danced the night away at the Eighth Grade Dance. We saw many beautiful historic monuments at the Washington D.C trip. The gulliver football team worked hard hard at practice. Eighth grader Gonzalo Vidaguren did great at the robotics competition. Eighth grader Samiyah Causey the cheerleading captain did amazing on the cheerleading routine.

We know who we are now-- who we always have been. Respectful. Hardworking. Unparalleled.

It's us.
