**Fine Line**

## **FINE LINE IS A GREAT THEME FOR THE YEARBOOK**

We picked Fine Line because it is a Fine Line between building community and no social distancing. There is a fine line between the excitement of the new buildings and the reality of a cramped campus. This theme best describes this school year. The year will be full of great things and things we couldn't do last year, but there is still a fine line between the present and fully being back to normal.

**This year was a lot. With each new positive came a negative. There was a fine line between a good change and a longing for the past. We got a new schedule with recess and community time, but we were all lost (Is today A day or B day?). We had a new building rising up, but it compressed our campus into mods and tight hallways. We were all back at school, but masks had to stay on.**

**Even though it took a lot to balance, we made it through and made it great.**

**On the last day of school before winter break, Santa Claus handed out candy canes to the whole school. Later in the school day, everyone realized that Mr. Mac was the one handing out candy canes!**

**At the Halloween competition, we all were excited to win gift cards. It is very exciting to see all the cool costumes kids do.**

**Spirit Week - Spirit week was so fun especially Wacky Wednesday. Everyone showed off their wackiness on this special day. The school also had a blast coming to school in their favorite pajamas! Some of the kids wore bunny pajamas to school too!**

**This year was definitely a fine line.**
