

BE WILD HAVE FUN

Valentina Lowe, Fran Mircovich, Elvira Disotuar

Gulliver Preparatory School Yearbook
2022-2023

THEME:

*Description: This year, we worked hard, overcame challenges, and turned work in on time. But every chance we got, we made things count and enjoyed each moment we had together. Whether it was in Ms. G's class, recess, the D.C and Dude Ranch trip, or Grade Level Meeting. We had fun and went crazy, some people can even say it was **wild**.*

Theme Copy:

As we got out of our cars and stepped on campus after three months of summer, we greeted each other with warm smiles. We continued our journey of the first week of school to meet our new teachers with much joy. We could already tell it was going to be a fantastic year - only in the first couple months. We had the DC trip, Halloween, Homecoming week, and much more. We were ready to bring the energy to the table - we got to **be wild, have fun**.

Be wild, said students as they expressed themselves and showed their pride. Students expressed themselves in dance class through doing a Hip Hop dance which brought out the excitement and wildness in everyone. Pep Rallies were filled with yells as the cheer squad performed a routine to a hype song and games brought everyone down to the gym floor..

Have fun, not only students but for everyone. Everyone enjoys their time and has fun through playing or watching weekly sports games, digging into interesting research projects, taking the stage during fall play rehearsals.

Being wild and having fun is something everyone felt on campus. We knew who we were and we had fun as we express our spirit.
