

RUN IT BACK

By: Karter Lowry, Matias Santoyo, Luca Sanders

Theme:

Run it Back: We chose this theme because it represents this year because it shows that we will have a good year like past years and that this is us taking this year and its challenges head on.

Fonts:

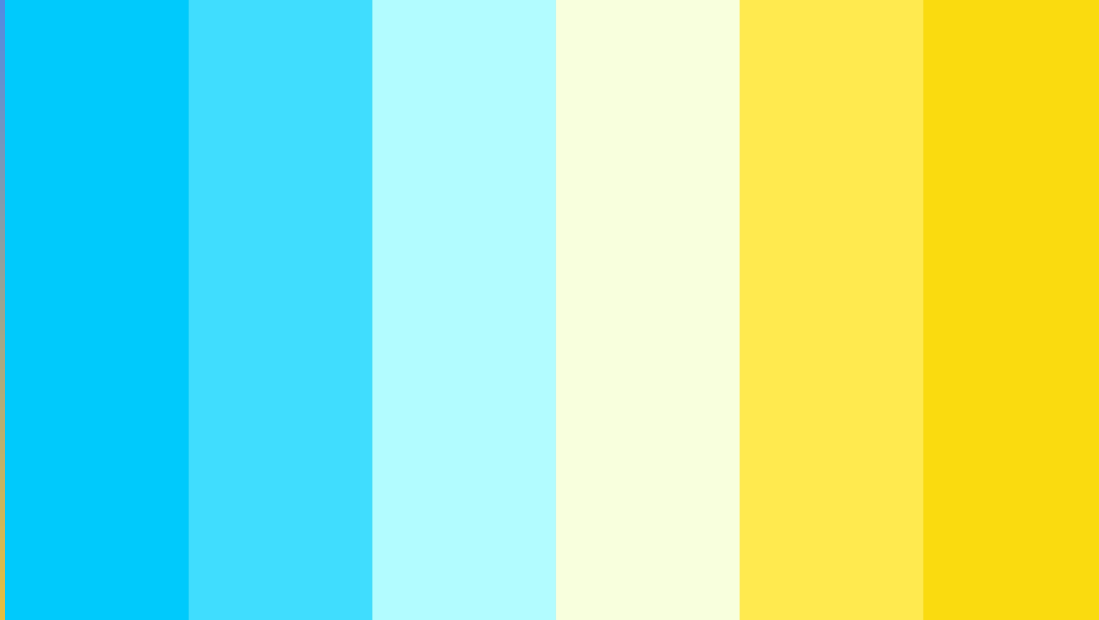

Title Font 1# IBM PLEX SANS ARABIC

We chose this font because it's simplistic and sleek style which would be easy to read.

Title Font 2# **BUNGE SHADE**

ON THE OTHER SIDE OF THE SPECTRUM WE CHOSE THIS FONT BECAUSE WE CAN USE IT WHEN WE ARE TRYING TO SEND A MESSAGE AND WHEN WE TRY TO STAND OUT.

Colour palette:

We chose to go for a sky blue / bright yellow color palette because we felt that it really represented this school year because of the wonderful colors and relaxing feeling you get from this palette. This is exactly how students feel this year relaxed and happy that we are back to normal living. Without stress we can focus on the beautiful colorful place we live in.

Cover:

The start of the year was anything but boring, as kids got ready to go to school and got ready to run it back for another amazing year.

The excitement for the year was high, but some things felt like they weren't quite right. Internet reliability was low and our football team was crestfallen after a hard loss on the first game.

This year had all sorts of surprises just around the corner, from game winning shots to amazing academics. For fifth graders this is the start of a new chapter and eighth graders the end.

We will continue to run it back with our raider pride.
