THEME

"Paradise."

When we first walked into the new building it was huge, beautiful, and shiny everywhere- it felt like **paradise**. You could feel the excitement all over campus. Everyone was so happy to be in this **paradise**.

But the new building isn't what made Gulliver **paradise**. It was the people and the special experiences that made us so happy.

When we eagerly opened Spooky Grams in our matching halloween costumes with our friends. When we excitedly brought our friend our Secret Santa present. From cheering for the football team on the bleachers to singing our hearts out in karaoke club.

Screaming on the field and eating churros during Gulliver Yard. Getting Koana ice and taking fun pictures. Getting to enjoy a bouncy slide and many more activities like a rock climbing wall. Everyone knew they were in **paradise**.

We said our goodbyes but it didn't feel like we were going on vacation because we were leaving our **paradise**.
