**Description:** Here, at Gulliver Prep, we pride ourselves on our team work and friendships. We are one huge family and it takes us.

## Theme:

To be a Gulliver Raider, it takes a lot. Kindness, leadership, friendship, integrity. But most of all, it takes a specific group. It takes us.

It takes us to scream the loudest at the homecoming game. It takes us to make the banners of each class for the Color War Pep Rally. It takes us to ace the first test of the semester in English. It takes us to keep the good things coming throughout the year.

It takes us to go to comfort each other when we cry. It takes us to lift each other up when we get bad grades. It takes us to cheer on the football team when they lose their first game against Horace O'Bryant. It takes us to go push through.

Not everyone can do it like us. It Takes Us.
