

The background features a series of vibrant, glowing lines in shades of green, blue, red, and yellow. These lines originate from the left side of the frame and converge towards a sharp point on the right, creating a funnel-like or arrow-like shape. The lines have a soft, ethereal glow and are set against a solid black background.

Raise The Bar

Theme

Description: We think the color palette fits the theme, “Raise The Bar” because the vibrant colors make you want to make a difference and “Raise The Bar.” This theme describes our Gulliver year because this year, the new building for student life was built and has changed our school completely for the better.

We came into the year like any other; open minded and prepared. We did not anticipate all of the changes to our beloved school. We had a new 62,000 square foot building for student life. We did not have to have our shirts tucked in or have to wear belts. We had new administration. We now have a duck that settled in the middle of the star courtyard! Our golf was better than ever and we have more students this year than ever before. All of these things have Raised the Bar in our Community.

...

Even though a lot of things changed, our Gulliver community was still the same. We still had fun learning and participating, we still hung out with our friends, and we still remained strong as a community allowing us to Raise the Bar. However, we did not only Raise the Bar for our community, but we Raised the Bar for ourselves by being the best people we can be.
