

We work for it.

By Olivia and Hana

Our Theme

We work for it. shows how we work together to make our school as best as it can be. It tells our story on how we are flashy but also focused on our goals. Theme also fits us by our bright color theme which represents how we stand out from other schools with our CSL, sport teams and our Yondr pouches.

We never do anything halfway: **We work for it.**
So when we saw all the changes, the new football field,
new classrooms, and the Yondr pouches **we took**
them on.

It paid off:

The football players **worked for** that States trophy. In
swimming, seventh grader Cyrus Tijerino carried the
team to a Districts victory.

Mrs. Castro **worked** to welcome us in with hugs and
smiles. With the New Yondr pouches things got a bit
hectic, but we **worked it out.** After **working hard** all
day we rush to the powerful magnets to unlock our
pouches. Finally a chance to text our friends.

During class students **worked together** during
projects to get that A.

We've **worked for it** before and we'll do it again.
