Description:

Walking through the school on the first, the new 80-foot building towered over us. It seemed like all anyone could talk about was the new Center For Student Life.

But there was so much more to being here than shiny new renovations. There was so much more to each of us than what meets the eye. Eighth grader rapper Darriel Cannon went by FatCat and had over 1 million streams. Eighth graders Joaquin and Simone Dusek played three different sports. Eighth grader Vincent Sargi made the final cast for the Spring Musical. Mrs. Gonzalez taught us the true spirit of man through *White Fang*.

Whether we've been at Gulliver our whole life or are brand new, there's so much more about us to know. Here's the scoop.

We chose our yearbook cover because we want to deliver the news that occurred throughout the year in an interesting way. We want it to be more relatable to the students and the teachers.
