

One Theme Presentation

Maya Pattabhiraman, Olivia Maclean

We have it all to show how our school can do it all. We have academics on every level, one of the best sports teams in the state and lots of opportunities to excel. It's up to us to make it happen. No matter what class you are in, it's always important to try and do your best. Something Gulliver students shine in. Do it or Don't can visualize what opportunities you take or ones you may not.

Our color palette:

WE HAVE IT ALL,

A new turf field, a redone F-building, and a PHONE BAN.

On July 5, we got the email. Our phones would be placed into a pouch every morning at 7:55 am. But with our phones away, we realized what it really meant to **have it all**:

We have athletes who give it their all on the court. Viole Pescarmona (8) and Aura Sharma (6) led Girls volleyball to finish off first place in the play-offs. As a setter Viole makes the game come together hustling to get the second ball. As an Outside hitter Aura's hits create an exciting mood for the game.

We have a community that rides for each other.

Our school spirit is unmatched, were louder than ever before. Luca Ceccarini runs out in his bright blue smurf costume and the school goes wild.

We have students who give back to the community.

Martina Aguirre (7), Ava Schenier (7), Maya Pattabhiraman(7) and Ale Ortega(7) take on the challenge of the beta club. As president of the Beta Club, Martina ensures that we stay organized and do what we need to do. As secretary, treasurer and historian the girls take on the challenge together.

We have academics that rise the challenge.

Journalism place first in the 2025 spring nationals. Students in journalism are ready to photographed all the new and exciting events on campus. Olivia Trejos (7) comes to every sport game ready to capture pictures and memories.

MYP students take on the challenge of putting time and effort into their work. They take every opportunity to do something, and rise to the challenge of being an exceptional student.

Now when look around at the end of the day having it all means something different. And no one can be us, we realize at the end of the day that **we have it all.**

This year we stepped in school with a new vibe... We're different we know we have it all.

Best of all, we can face any challenge and obstacle that comes our way. We're always up for a challenge. Just look inside, **we have it all.**
