Description, Color Palette, Fonts

All of this represents everything the Gulliver Community has accomplished. Such as the new building and new ways of learning. As Well as how much we have to look forward to in the future. Such as learning opportunities and connecting with teachers and classmates.

ALL OF THIS

-RAIDERS 2024-

When people think of us, they think of **all of this**: our sparkling Center for Student Life, our summer travels around the world, our state-of-the-art tech.

But they don't know us- not really. We actually are all of this:

We cheer our fellow classmates on at at the fall sports pep rally as they pop balloons to find their team color. We bring fast food to are football games and eat while we yell in the stands. We eat pancakes in our pajamas to bring in the new year.

We are all of this and more- caring, thoughtful, brave, and unique.

All of this- that's who we are. Not the things we have but the things we do.

*Thank you for your time and
goodbye*
